Our Great Furniture Department Has Scored a Marked Success!

It was quite a step to equip so great a Furniture Department. The old saving, "Faint heart never won fair lady," might well be adapted to meet our case in this wise, "Faint h-art never won great business" It is the great nervy strokes of business that tell nowadays. When we undertook to quadruple our Furniture Department wise icres shook their heads and looked ominous. But success has come. It could not stay away. For Summer furnishers found record smashing values in the newest and best Furn.ture that was ever gathered together in any store or department. To-morrow's specials: China Closate
